

## Personal Storage

We know how important personal space is. That's why we offer convenient [self storage options](#) tailored to each of our customer's individual needs. Our storage units can be customised to suit whatever space you need so you don't end up paying for extra. You have free access during opening hours, and 24-hour access is also available on request. If you are a [student](#), a family, or just need some extra space, StorageWise has a room for you!

Your dry, clean and [secure storage](#) room can be rented for as short as a month or as long as you like. The facility has plenty of free parking and we have handling equipment to help you move your goods in and out of the units. We also have a large amount of [packaging materials](#) available to help make your move that little bit easier.

We have built a facility where your prized possessions are stored in individually-alarmed units. Our fire and alarm system is monitored 24 hours a day, 7 days a week by a remote monitoring station. We also offer insurance to customers who wish to insure their goods while in storage with us.

There are plenty of reasons why StorageWise has been, and remain to be, the leading local storage solution.
