# What TO EXPECT

from your session

---

## Before

Once you have booked your date, please contact me for availability. As this is a Dublin Registry Office Wedding, the process is simple. The ceremony is intimate and quick. We will be in the registry office 15 minutes before the ceremony. If you choose the Gold Collection Package (full day coverage). We will provide you with a couple of forms to fill up before the big day so that your special day passes as smoothly as possible. That includes a WEDDING QUESTIONNAIRE and the WEDDING TIMELINE WORKSHEET.

## During

After the intimate ceremony, which usually lasts about 15 minutes, we will go outside to take relaxed family and couple photos at a nearby location.

## After

After your session, I will begin the photo editing process, including setting up your online gallery. This process generally takes two to three weeks. Once your gallery is complete, I will contact you via email with your link and password. This email will also include a product pricing guide with detailed ordering information and a link to our Online Store.

## Engagement Session

Our Gold Collection packet come with Engagement Session. What does that mean? This means you get to sample the product before your big day. We will meet at a location of your choice and we will have a 1-hour photo session so that you can see the style of my photography. You will receive an online gallery of your images that you can use on invitations for your big day or however you like.

\* I only accept bookings for weddings up to 50 people.
